

The Skiwiport

Skiwi Ski Club - Established 1959

February 1985

 **Killington**
VERMONT

Killington, Vermont has it all--5 mountains, 17 lifts, the longest gondola in North America, 3100 foot of vertical and a season that lasts until May. The Skiwis have got THE TRIP.

A three-day weekend, March 21-24. It's a perfect trip for anyone who has a limited amount of \$\$\$ or can't get any time off work. We fly to Boston with a short three hour drive to Killington. Our condos are located at the base of the Snowshed area and next door to the nighttime entertainment. LIFTS ARE INCLUDED.

We leave Detroit Thursday afternoon and will return Sunday evening. All you need is one day and a few hours off work and your payment. For those of you who want to try a real mountain at low cost, here's your chance. If you need some lessons, they are available also. We have expanded our trip capacity once already so sign up early to get on the trip.

JIM SIERADZINSKI

On February 21, come wish that special someone a Happy Valentine's Day. This is your chance to show your sweetheart you care. If cupid isn't enough, try surprising him or her with a flower. We will be selling valentine flowers all night long.

HAPPY VALENTINE'S DAY!!
